

# APFUS 2024

February 22-24, 2024 | #337, Central administration building, Yonsei University, Seoul, Korea

## **Title(ex. Prof. / Dr. ) Name**

Dr. Suzanne LeBlang,

Focused Ultrasound Foundation, USA

---

With her prior clinical experience as a neuroradiologist and having performed hundreds of focused ultrasound procedures since 2004, Suzanne LeBlang, MD, now represents the Focused Ultrasound Foundation by interacting with various researchers, clinicians, and manufacturers to foster collaborations. She interfaces with the medical community at various meetings in order to update the Foundation staff. In coordination with the communications team, she helps increase awareness through oral presentations and articles. She also assists the Chairman and the development team with building relationships with individuals, other foundations, and non-profits.
